# Today's Challenges

- Class action lawsuits against employers due to the lack of transparency in real-time delivery of background reports
- Increasing government regulation on how employers are using sensitive background information in violation of FCRA and EEOC rulings
- Inaccurate and unverified records used against applicants when they are not convictions—let alone the applicant!
- Reporting delays resulting in the inability to make real-time decisions. Our *Accuratized*® reports take 1-3 business days!

## Today's Solution?
